In Memory of Todd Hayes

Todd Hayes lost his life in a tragic automobile accident on Labor Day, 2016. After moving to Oregon from California, Todd joined our band in September of 2007 and became a member of our dance band soon after that.

Since that time, Todd's saxophone playing, his musicianship and his affable nature have been significant in the success of both the concert band and our dance band. He was a close friend to many of us and a very productive and respected member of our band family. We will miss him!

The Lake Oswego Millennium Concert Band wishes to thank
the following for their support and help:

Lakeridge High School

Jennifer Schiele, Principal

Corey Alston, Band Director, Bill Campbell, Choir Director,
Andy Ballnik, Drama Director and Guy Boyden, Building Engineer

Jan Hardenburger Pastel and Oil Painter: Jan, an Oregon native is a very versatile artist. She excels in both pastel and oil mediums. Her subject matter reflects her love for the great outdoors and the quiet and tranquil places she finds there. Jan has been painting over 25 years. A feeling of being there really stands out in her paintings. Her relaxed style and variety of subject matter has brought praise and admiration from fellow artists and clients. Jan has successfully exhibited in many shows and won many awards including People's Choice, and Best of Show many times.

Leena and Deepak Shrestha, Jewelry and Batik Art: Leena comes from a bead making family. She grew up watching her grandmother and mother working diligently and tirelessly with little seed beads of vibrant color, sizes and feel. She started making simple beaded jewelry very early on and now creates unique, intricate and elegant designs. It is a belief in her family that tiny seed beads bless both the maker and the wearer with peace, love and prosperity. Her husband, Deepak, enjoys batik work and designing silver jewelry.

Roberta Michaels: Herb's Daughter Custom Soaps was named after two loves—the love of the fragrant herbs that grow in the garden, and for the love of Roberta's father named Herb! Not only can you find face and body creams with gentle scents of apricot and vanilla, you may also find a treat for your dog with her very special Hairs of the Dog Spray! Herb's Daughter Custom Soaps insists upon the highest quality of ingredients without detergents or chemicals.

Debbie and Darrel Grant, Ceramics: Every item is hand made, from casting the piece, to drawing the designs, painting, firing the colors in and then going through the glazing process. The work is whimsical yet very functional and comes "alive" as Debbie draws and paints. They are lead free, microwave, oven and dishwasher safe. She has done everything from coffee mugs to canister sets, to designing custom dinner ware for customers. Seasonal pieces are always fun to make and she loves working with customers to make something specifically for them. She says, "When people look at my work and smile, it makes me smile also."
